Q.: On Oct. 10 L.M., Eugene, requested a "Heavenly Hash" recipe. I wonder if this might be it:

1 pint cottage cheese (small curd)
1 package strawberry Jello (do not add water)
1 large can drained fruit cocktail
1 container Cool Whip (9 ounces)

Mix together cottage cheese, dry Jello, and fruit cocktail; let stand 10 minutes. Fold in Cool Whip. Refrigerate in square dish for cutting and serving on lettuce leaf or in bowl for taking to potluck. Serves 8 to 10. (Lemon Jello and crushed pineapple combination is also good.) V.S., Milwaukie.
