

Sun Tea

Ingredients

- 1 quart cold water
- 8 teabags (tabs removed) or about 4 tablespoons loose tea leaves
- Sunshine

Instructions

1. Fill a quart pitcher or container with cold water.
2. Add teabags (or loose tea).
3. Cover container.
4. Place in hot sun for at least 2 hours until proper infusion occurs.
5. Remove teabags, squeezing against side of container (or if using tea leaves, strain).
6. Pour over ice in glasses.
7. Yields 1 quart. Recipe may be doubled, if desired.

SUN TEA

1 quart cold water
8 teabags (tabs removed) or about 4 tablespoons
loose tea leaves.
Sunshine

Fill a quart pitcher or container with cold water. Add teabags (or loose tea). Cover container. Place in hot sun for at least 2 hours until proper infusion occurs. Remove teabags, squeezing against side of container (or if using tea leaves, strain). Pour over ice in glasses. Yields 1 quart. Recipe may be doubled, if desired.
