Cake-Jello Dessert

Ingredients

- 2 regular size packages Strawberry Jello
- 2 cups boiling water
- 1 White Cake Mix
- 1 package Strawberry Whip-and-Chill

Instructions

1. Mix 2 regular size packages Strawberry Jello with 2 cups boiling water. Cool to room temperature while cake is baking.
2. Mix 1 White Cake Mix and bake in a 13 x 9" pan.
3. Remove from oven and wait about 5 minutes. Then poke holes all over in cake with a large fork or something to make holes large enough for Jello to run down into. (Jean Kremer uses a screwdriver).
4. Pour Jello in holes and over top, trying to get most of it in holes.
5. Chill well.
6. Mix one package of Strawberry Whip-and-Chill according to instructions and spread over cake and Jello.
7. Chill until ready to serve.
8. It works well to make this the day before and keep refrigerated.

CAKE--JELLO DESSERT (13 x 9" pan - 15 servings)

Mix 2 regular size packages Strawberry Jello with 2 Cups boiling water.
Cool to room temperature while cake is baking.

Mix 1 White Cake Mix and bake in 13" x 9" pan.
Remove from oven and wait about 5 minutes. Then poke holes all over in cake with large fork or something to make holes large enough for Jello to run down into. (Jean Kremer uses a screwdriver).
Pour Jello in holes and over top, trying to get most of it in holes.
